

August 2013

.....

European Microwave Week is the largest event dedicated to Microwave, RF, Wireless and Radar.

**EUROPEAN
MICROWAVE WEEK**
NCC NUREMBERG, GERMANY
6-11 OCTOBER 2013
www.eumweek.com

The European Microwave Exhibition (8th October – 10th October 2013) is the largest trade show dedicated to Microwaves and RF in Europe, providing:

- 8000 sqm of gross exhibition space
- 5000 key visitors from around the globe
- 1700 - 2000 conference delegates
- In excess of 250 exhibitors

The exhibition will offer its exhibitors an unrivalled opportunity to present products, technological developments and form relationships with relevant and interested spectators including academics, professionals and industry figureheads. It also offers a forum for discussing trends and exchanging scientific and technical information.

There's never been a better time to advertise in Microwave Journal

Advertiser Bulletin

Theme: Satellite and Radio Communications

This month, Microwave Journal aims to keep readers tuned into the latest technology and innovation orbiting the field of satellite and radio communications. The focus is on the latest developments that are driving this constantly evolving and dynamic sector of the RF and microwave industry.

Articles:

- **Cover Feature: Separating facts and fiction: Ka- and Ku-band for mission critical satellite communications**
- **Turning complexity into simplicity for mobile RF front-ends**
- **Quick development of space quality contacting rotary joint**
- **IMS2013 Review**

Military Microwaves Supplement

With military and defense budgets coming under increased scrutiny, this supplement examines the vital role that microwave technology is playing and highlights the latest developments and products in the sector.

Articles:

- **Cover Feature: UAVs unleashed**
- **Simplifying analysis in modern radar tests**
- **S-Band receiver protection in radars for mitigation of 4G interference**

Supplement Bonus Distribution:

European Microwave Week
Nuremberg, Germany
October 6-11

MILCOM
San Diego, CA
November 18-21

It's a fact!

More companies advertise in Microwave Journal than any other publication in its field.

Why?

Because Microwave Journal reaches more than 50,000 professional readers with significant buying power worldwide.

Microwave Journal also has the most respected editorial content in its field. Tailored to the needs of readers, it features the latest in technical information, special reports, new product information and news.

Frequency Matters.
